THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

January 24, 1975

Grant Application No. 1019

PHARMACOLOGY

To: The committee comprising Drs. Gardner, Meier and Sommers

Subject: Simon H. Wender, Ph.D., University of Oklahoma
New Application No. 1019
"Effect of Scopoletin and of Various "Stress" Conditions on the Activity of Certain Rat Lung Enzymes"

History

An informal inquiry was handled as Case No. 310: The Executive Committee voted to encourage formal application.

Wender was a grantee of the predecessor to CTR, The Tobacco Industry Research Committee, as far back as 1955, in studies involving polyphenols of cigarette smoke and tobacco. On the basis of his continuing good and productive work he was supported for a considerable period. This was terminated in 1970 because of the question of main-stream relevance.

Request

Application No. 1019 requests $23,448.50 for the first of a three year period.

Documents Submitted (attached)

1. Application dated January 13, 1975. (11 pages including C.V.'s of Drs. Wender and Smith).

2. Appendix (9 pages, including title page, Figure and references).
